

I am an XM Radio subscriber & listener. I pay for all the services that the broadcast stations offer, but on a monthly subscription. XM should not be bullied by a bunch of lobbyist in D.C. I pay to have radio the way I want it and not how some big corporation thinks I should have it!!!! Please keep the NAB out of satilite (subscription) radio. If I can give any other info on XM or lend additional support to XM, I will. I am in no way connected to XM IN ANYWAY, other than just being a happy listener.
Thank you for taking time to read my comments,

Best Regards,
